Regulation (EC) N 1774/2002
Interpretation on Article 6(2) (g)

Referring to the interpretation on Article 6(2) (g) of the Regulation (EC) N 1774/2002 the Austrian Ministry of Agriculture, Forestry, Environment and Water Management takes the following view:

Article 6(2) (g) establishes that catering waste shall be transformed in a biogas plant or composted in compliance with rules adopted in accordance with the Standing Committee procedure following scientific opinion. Pending the adoption of such rules, composting and biogas production from catering waste may continue in accordance with existing national rules. Pending of such rules Austria is free to apply national measures and Article 15 does not apply.

Für den Bundesminister:
